Welcome Remarks

On behalf of the Faculty of Economics and Business Universitas Airlangga and on my own behalf, I welcome you the Faculty of Economics and Business and to the 7th International Conference for Economics and Business (ICEB). This is an annual international conference held by this faculty involving four departments, Accountancy, Economics, Management and Shariah Economics. This year we come with the theme of **“Sustainability and Digital Transformation in Global Vulnerability: Current Issues in Economics and Management”**.

There is a greater consciousness today of the links and inter-dependence of the two topics; scientific research which leads to a better understanding and knowledge of sustainability issues and massive transformation in digital development where the degree of susceptibility of an individual, a community, assets, or system to the impact of hazard has increased because of the physical, social, economic and environmental factors.

Last but not least, I wish to thank our partners, PKN STAN (State Finance Polytechnic of STAN), Universitas Nahdlatul Ulama Surabaya (UNUSA), Universiti Malaya, Hamad bin Khalifa University, INCEIF University, Simon Fraser University, Mandakh University, Curtin University, Georg August Universitat, Universiti Sains Malaysia, Chung Yang National University, for walking this journey with us.

In closing, I would like to thank the Rector of Universitas Airlangga and the Ministry of Research, Technology and Higher Education of the Republic of Indonesia, for supporting the research climate at UNAIR. I would also like to thank all contributors for your good cooperation. I equally take the opportunity to record my sincere appreciation to the editorial team as well as to the organising

committee of the 7th International Conference in Economics and Business (ICEB) 2023, for their tremendous effort in ensuring that this contribution gets published.

Your Sincerely,

Prof. Dr. Dian Agustia, SE., M.Si., Ak., CMA., CA.

Chair of the 7th ICEB 2023

Dean of Faculty of Economics and Business

Universitas Airlangga
